

INSTRUCTIONS FOR A GASTROSCOPY

A gastroscopy is an endoscopic technique that allows us to directly visualize the upper digestive tract (esophagus, stomach and duodenum) by passing a flexible camera through the mouth.

On the day indicated below, please come to the following address:

Dos de Maig Hospital
Department of Endoscopy on the 3rd floor of the outpatient area (dispensari)
C / Dos de Maig 301
Barcelona

Day at hours.

In preparation for the test:

You may not eat, drink or smoke during the 6 hours prior to the procedure.

If the examination is to be carried out with sedation:

- You must be accompanied by a responsible adult (ESSENTIAL).
- You must bring with you all the medications you are currently taking.
- Please do not wear make-up, nail polish or jewelry.
- Use comfortable clothes. Do not bring jewelry or valuable belongings.
- You should not to drive or operate machinery for several hours after the procedure, especially if sedation has been used.
